## Summary

Dedicated Software Engineer with a degree in Software Engineering from COMSATS Lahore, Pakistan, and a track record of 3 years in React JS and JavaScript/Node.js, along with a year of experience in React Native. Currently, I am actively engaged in developing a React Ecommerce Website as a freelance project while concurrently pursuing a Web Development internship. I possess a deep passion for technology, continuous learning, and staying updated with the latest industry trends. Looking to leverage my skills and experience to contribute to a dynamic team and drive impactful software development projects.
